M.COM III SEMESTER

REPORT

From 14th September to 17th September, 2017 the sessions on General Paper of NET/K-SET examinations were held for the M.Com students by MERU Academy, Jayanagar, Dharwad. The sessions were inaugurated at 10.00 am on 14th September, 2017 in the presence of The Principal, the Coordinator, the Director of MERU, Mr. Rudresh Meti and the resource persons with the college prayer. The Coordinator Dr. S.V Hegadal addressed the students introduced the MERU Academy to the participants. Mr. Rudresh Meti, the founder of MERU, motivated the students with his success story. Mr. Mohd. Faisal Habib, the resource person from the MERU, also an IAS aspirant, shared his experience and spoke about the hard work required for the survival in the competitive world. The session was then declared by the Principal to be open for the participants.

Mr. Mohd. Faisal Habib's first day- first session was about the tricks and methods to handle the Multiple Choice Questions (MCQs). He gave as many as twelve tricks and gave the examples for each method. The resource person was very knowledgeable and skillful in giving the suggestions and guidance as to how to solve MCQs. He continued after lunch to discuss some useful general knowledge. His success in the field of the UPSC and the hard work behind the success was of great inspiration to the participants.

Second session of the first day was held by Mr. Sandeep, who dealt with the Comprehension Reading. With the example of the comprehensions, he made everyone to participate actively in reading the comprehension and relating the

question to the given passage. The session was deep and was very helpful for the participants.

Second day was about the Aptitude and Mathematical Reasoning. Mr. Gaveesh, an expert in Mathematical reasoning gave several methods of solving the tedious mathematical problems. The simplest methods like Formula, Tricks, Vedic, Option method and Direction methods to solve the basic functions of Maths were taught. Calendar and clock tests, distance tests and several other reasoning based sections were made easy to the participants.

Third day- first session was again held by Mr. Mohd. Faisal Habib on the Polity and Administration and Higher Education. Basic constitutional contents were given the idea of. The basic Rights and Duties of the citizens of India were given along with the Mnemonics to remember them along with Sections in the order.

Third day- second session was again handled by Mr. Sandeep regarding the Environment and People and Disaster Management. He gave the information about the pollution, causes and control measures, natural disasters and their management, projects on utilization of natural resources, waste management, and the role of people in preserving the natural resources.

The last day was about Information and Communication Technology which was held by Mr. Vitthal Kalgoudar. It was a full-day session by the same resource person who could give a complete idea of Information Technology and it’s advancements since decades in a detailed and precise manner. From the basics to the recent development in information technology was thoroughly handled by the resource person and the participants were given the maximum guidance.

In all, the programme was of great use for the participants in order to have a broader idea about the various streams of the general paper. The resource persons were highly knowledgeable in their fields and helped the participants with maximum information.

M.COM III SEMESTER

COLLECTIVE FEEDBACK

The sessions were held for the M.Com I and III semester students as well as for the teaching staff. The four-day programme was held to provide a deeper knowledge about the First (General) Paper of the NET/K-SET examinations. The programme was necessary for the Commerce students since they have lesser idea about the General paper as compared to the other two papers which are relevant to their stream of study (Commerce).

Most of the important sections of the General Paper were taken up individually by the esteemed faculty of the MERU Academy, Dharwad. Mr. Mohd. Faisal Habib's first day- first session was about the tricks and methods to handle the Multiple Choice Questions (MCQs). He gave as many as twelve tricks and gave the examples for each method. The resource person was very knowledgeable and skillful in giving the suggestions and guidance as to how to solve MCQs. He even continued to discuss some useful general knowledge information.

Second session of the first day was held by Mr. Sandeep, who dealt with the Comprehension Reading. With the example of the comprehensions, he made everyone to participate actively in reading the comprehension and relating the question to the given passage. The session was deep and was very helpful for the aspirants.

Second day was about the Aptitude and Mathematical Reasoning. Mr. Gaveesh, an expert in Mathematical reasoning gave several methods of solving the tedious mathematical problems. The simplest ways to solve the basic functions of Maths were taught to the aspirants. Calendar and clock tests, distance tests and several other reasoning based sections were made easy to the

aspirants. The session was enjoyed by the students and they wished to have more such sessions.

Third day- first session was again held by Mr. Mohd. Faisal Habib on the Polity and Administration and Higher Education. Basic constitutional contents were given the idea of. The basic Rights and Duties of the citizens of India were given along with the Mnemonics to remember them along with Sections in the order. Information regarding several Universities, their administration, their constitution and everything about the higher education system was covered. MCQs based on the above topics were also solved. Session was helpful in order to learn the Indian polity, administration and higher education system.

Third day- second session was again handled by Mr. Sandeep regarding the Environment and People and Disaster Management. He gave the information about the pollution, causes and control measures, natural disasters and their management, projects on utilization of natural resources, waste management, and the role of people in preserving the natural resources.

The last day was about Information and Communication Technology which was held by Mr. Vitthal Kalgoudar. From the basics to the recent development in information technology was thoroughly handled by the resource person and the aspirants were given the maximum guidance.

In all, the programme was of great use for the participants in order to have a broader idea about the various streams of the general paper. The resource persons were highly knowledgeable in their fields and helped the participants with maximum information.
