## Green Campus Policy

We have but one Earth, we need to look after it, preserve it and leave it a better place for the future generation. With this in mind, the college sees to it that environmentally friendly practices are taken up to make the campus eco-friendly and inculcate sustainable practices among students, faculty and staff. The green campus gives the college the opportunity to take the initiative and be a leader in redefining the environmental culture and providing good role model for sustaining the environment.

The first step towards a Green Campus is establishing a feasible Committee and integrate it with the already existing **Eco Club**.

Most important is a **Policy Document**. This **Policy document** will list out the role, scope, plans and varied tasks that need to be undertaken to maintain a Green Campus.

The first and foremost criteria is to do away with all wasteful habits and try out ways and means of conserving, recycling and prioritizing the use of environment friendly materials. These strategies need to be incorporated with the focus on budget and planning. Besides this, every student, faculty and staff will consciously work towards fostering a green campus and see to it that the entire campus is environment friendly.

## Objectives of the Policy

- To create consciousness to protect and conserve ecological system and resources in the campus and outside
- To assimilate environment concerns into policies, plans for the benefit of students and society
- To ensure judicious use of environmental resources
- To create awareness and make each one responsible towards conserving environment
- To create awareness regarding the efficient use of all the available natural resources
- To make the campus plastic free
- To minimize the use of paper

## Members of the Eco Club

Sl. No	Designation	Name
1.	Principal	Dr. Kamala Dhawale
2.	IQAC coordinator	Dr. G. M. Hugar
3.	Faculty	Dr. S.V. Hegadal
4.	Convener	Shri. S.R. Williams
5.	Co-Conveners	Shri. Chandrahas Naidu Ms. Lavita Bidari
6.	Student Secretary	Ms. Tejaswini V. N
7.	Administrative staff	Smt. Rita Ekbote

## The Role and Objectives of Eco Club

The motivation for the success of a green campus is possible when all join hands and work committedly towards making our surroundings green, clean and healthy. Keeping this in mind, the Eco Club has a strategic plan for the implementation and execution of the rules and guidelines:

### A) Green Campus

1. Chalk out the action plan for the implementation of Green Campus
2. Collect ways and ideas to make the campus clean and beautiful
3. Conduct of awareness program for Green Campus
4. Celebration of World Environment Day in a meaningful manner
5. Environment centric student activities
6. Have plan on how best to save energy- phased out replacement of conventional light sources with LEDs

7. Plan out on use of alternate and renewable energy
8. Conduct Green Audit and Energy Audit regularly
9. Evaluate daily functioning in terms of pollution prevention, waste management, maintaining energy efficiency by using the policy of reducing, reusing, recycling, and repairing as where and when possible.
10. Use of electronics instead of paper
11. Prevention on use of bottled water- facility for refilling water bottles
12. Composting
13. Grow Medicinal Plants
14. Ban on the use of plastic
15. Green awareness signboards at strategic places
16. Create green awareness outside the campus through jathas
17. Tree plantation outside the campus

## **B) Water Conservation**

1. Rain water Harvesting- regular maintenance
2. Water Management- proper use of water
3. Waste water Management maintain leak proof water fixtures

## **C) Clean Air**

1. Students, faculty and staff encouraged to use public transport
2. Bursting of crackers is prohibited
3. Burning of dry garbage is prohibited
4. Planting trees for green cover and pure air

## **D) Renewable Source of Energy**

1. Solar energy instead of Electricity
2. Saving electricity wherever possible

**E) Solid Waste Management**

1. Adopt practices that will reduce the generation of solid waste
2. Follow the policy of reduce, reuse and recycle - sending old newspaper and answer scripts for recycling, use of both sides of paper
3. Reduce use of paper
4. Creating awareness on minimizing use of packaged food

**F) E-Waste Management**

1. ensures usage of technology and generation of e-waste does not impact the environment.
2. More provisions for the disposal of the institutional e-waste.
3. Awareness amongst students about reduction of e-waste and environment friendly disposal practices for e-waste.

Implementation of the Green Campus Policy hopes to develop healthy practice in the campus that will encourage the students, faculty and staff to take lead in creating positive change not only in the campus but wherever they go. The policy is communicated to all concerned through institutional website. Green Policy is the college's way of being a part of the Swachh Bharat Abhiyan.
